

Michael Tobias Floherschütz

Audio engineer, AcroYoga and movement teacher, Bodyworker

After graduating high school, I started an audio engineering career. First working as audio technician for concerts and in recording studios. Then, after achieving the bachelor's degree in audio engineering, I specialized in room acoustics.

In 2012 I discovered AcroYoga and soon fell in love with it. I dedicated all my free time to traveling the world, studying AcroYoga, traditional and modern styles of Yoga, partner acrobatics, various other forms of movement (gymnastics, capoeira, contemporary dance, fitness, martial arts, Tai Chi), bodywork (Thai-massage, Cranial biodynamics, abdominal massage, FlyingBodywork), biomechanics and anatomy, as well as the spiritual wisdom of the east and west. In 2014 I started teaching AcroYoga at regular classes in Munich Germany, as well as at numerous retreats and festivals every year.

Work experience

2014 – present	Self-employed AcroYoga teacher, organizing and teaching workshops, (mainly in Munich Germany), as well as several retreats, festivals and conventions every year
2013 – present	Teacher for barefootyoga.me
1.1.2015 – 31.12.2015	Employment as Acoustics engineer for concept-A GmbH
2006 – 2013	Self-employed work as audio technician

Education

2007-2015	Bachelor of Science (BSc) in audio engineering („Elektrotechnik – Toningenieur“) at technical university Graz and university of music and performing arts Graz
2005-2007	Sound engineering diploma at Deutschen POP Akademie (Munich)
2004	High school graduation (Max-Planck-Gymnasium München)

Languages

Fluent spoken and written German and English. Basic Spanish and Italian.
